Bee Street Transportation Related Improvements

City Council Meeting | March 3, 2026

Requested By: Public Works Department

Bee Street Transportation Related Improvements

Background

1

October 2025 – Approval of pavement analysis and management system through Streetlogix

2

Bee Street identified as needing significant improvements

3

Coordination with Dallas County was sought for a Project-Specific Agreement under a Master ILA, with the assistance of the District 4 representative

4

Collaboration with Dallas County ensures fiscal stewardship and efficiency

Bee Street Transportation Related Improvements

Project Scope

Approval of the Project-Specific Agreement with Dallas County would authorize:

- **Asphalt overlay**
- **Full-depth base repair**
- **Pothole, curb and gutter, and concrete panel repair**
- **Crack sealing and drainage obstruction clearing**

Costs

Project-Specific Agreement

- PSA amount of \$473,936, 100% funded by the City of Farmers Branch

How this compares

- 20% more cost-effective than contracting through a private construction vendor
