
**INTERLOCAL AGREEMENT FOR COORDINATED HEALTH SERVICES BETWEEN
DALLAS COUNTY, by and on behalf of DALLAS COUNTY HEALTH & HUMAN SERVICES,
and CITY OF FARMERS BRANCH, TEXAS**

This **INTERLOCAL COOPERATIVE AGREEMENT** (“**Agreement**”) is made and entered into by and between **DALLAS COUNTY**, a political subdivision of the State of Texas (“**County**”) and the **CITY OF FARMERS BRANCH, TEXAS**, (“**Participant**”), each organized and existing under the laws of the State of Texas, and acting by, through and under the authority of their respective governing bodies and officials. **County** and **Participant** are collectively referred to herein as the “**Parties**” and individually referred to as a “**Party**.”

WHEREAS, County has offered to provide certain health services to the various cities throughout County on a contract for services basis; and

WHEREAS, Participant desires to participate with County in establishing coordinated health services between the Parties; and

WHEREAS, County will operate certain health services for the residents of Participant to promote the effectiveness of local public health services and goals (“**Program**”); and

WHEREAS, the cooperative effort will allow cities located within Dallas County to participate in providing public health services for their residents; and

WHEREAS, such cooperative effort serves and furthers the public purpose and benefits the citizens of County as a whole.

Now therefore, County, on behalf of Dallas County Health and Human Services (“**DCHHS**”), enters into this Agreement with Participant, pursuant to the authorities of Texas Health and Safety Code Chapter 121, Texas Government Code Chapter 791, and other applicable laws for health services to Participant.

**I.

- B. Sexually Transmitted Disease Control Services:** consisting of education to motivate people to use preventive measures and to seek early treatment, prophylaxis, epidemiological investigation, and counseling in

accordance with County policy;

- C. **Communicable Disease Control Services**: providing information concerning immunization and communicable diseases and coordinating with the Texas Department of State Health Services (“DSHS”) in monitoring communicable diseases; and
- D. **Laboratory Services**: performing chemical, biological, and bacteriological analysis and tests on which are based diagnosis of disease, effectiveness of treatment, the quality of the environment, the safety of substance for human consumption, and the control of communicable disease.

1.2 County further agrees to provide to Participant, in accordance with state and federal law, the following public health services:

- A. Immunizations;
- B. Child health care;
- C. High risk infant case management; and
- D. Home visits.

1.3 County also agrees to work with Participant to decentralize clinics and to plan and provide for desired services by Participant; however, any other services that Participant requests, in addition to the above-mentioned services, may result in additional fees to Participant, subject to the written agreement of the Parties.

1.4 County agrees to charge a sliding-scale fee based on ability to pay to all residents of every municipality, including Participant, within Dallas County. The fees charged by County for the services listed in this Agreement will be used to offset the Participant’s Program costs for the next Agreement Term. A schedule of fees to be charged by County is set out in **Exhibit A**, which is attached and incorporated herein by reference for all purposes.

1.5 County agrees that the level of service provided in the Program for Participant will not be diminished below the level of service provided to Participant for the same services in the prior Agreement Term except as indicated otherwise in this Agreement. For purposes of Section 1.6, level of service is measured by the number of patient visits and number of specimens examined. County will submit to Participant a monthly statement, which will also include the number of patient visits and number of specimens examined during the preceding month.

1.6 The possibility exists of reductions in state and federal funding to the Program that could result in curtailment or termination of services if not subsidized at the local level. County will notify Participant in writing of any amount of reduction, and any extent to which services will be curtailed or terminated as a result. The notice will also include a dollar amount that Participant may elect to pay to maintain the original level of services. Participant will notify County in writing no later than fourteen (14) calendar days after the date of ILA for Coordinated Health Services

Participant's receipt of the notice of funding reduction as to Participant's decision to pay the requested amount or to accept the curtailment or termination of service. If Participant elects to pay the requested amount, payment is due no later than forty-five (45) calendar days after the date of the notice of funding reduction.

II. **TERM**

The Term of this Agreement shall be effective from October 1, 2025, through September 30, 2026, unless otherwise stated in this Agreement.

III. **BUDGET**

3.1 County agrees to submit to Participant by July 31, 2026 a proposed budget describing the proposed level of services for the next Agreement Term;

3.2 For the Term of this Agreement, County agrees to provide the services listed in Section 1 of this Agreement at the level of services and for the amount stated in **Exhibits B, C, and D** which are attached and incorporated herein by reference for all purposes;

3.3 **Payment.** Participant shall pay to County the amount listed in Exhibit D which is the agreed upon amount for Participant's share of the total cost of the Program less federal and state funding.

3.4 In lieu of paying the actual dollar amount stated in this Agreement, Participant has the option, to the extent authorized by law, ordinances or policy, of making a request to negotiate for in-kind services that are equal in value to the total amount.

3.5 This Agreement is contingent upon Participant's appropriation of funds, or ability to perform in-kind services as described in Section 3.4 of this Agreement, for the services set forth herein. In the event Participant fails to appropriate such funds, or provide in-kind services, County shall not incur any obligations under this Agreement.

IV. **ASSURANCES**

4.1 County shall operate and supervise the Program.

4.2 Nothing in this Agreement shall be construed to restrict the authority of Participant over its health programs or environmental health programs or to limit the operations or services of those programs.

4.3 Participant agrees to provide to or assist County in procuring adequate facilities to be used for the services under this Agreement. These facilities must have adequate space, waiting areas, heating, air conditioning, lighting, and telephones. None of the costs and maintenance expenses associated with these facilities shall be the responsibility of County, and County shall not be liable to Participant or any third party for the condition of the ILA for Coordinated Health Services

facilities, including any premises defects.

4.4 Participant and County agree that other cities, towns, or municipalities may join the Program by entering into an agreement with County that contains the same basic terms and conditions as this Agreement.

4.5 Each Party paying for the performance of governmental functions or services under this Agreement must make those payments from current revenues available to the paying Party.

V. FINANCING OF SERVICES

5.1 The health services provided under this Agreement will be financed as follows:

- B.** Participant shall pay to County, or provide in-kind services, Participant's share of budgeted costs that exceed the federal and state funding for providing the health services under this Agreement. Budgeted costs shall not exceed those reflected in Exhibits B, C, and D for the appropriate Agreement Term.
- C.** County shall bill Participant each month an amount equal to one-twelfth (1/12) of Participant's share of annual budgeted costs that exceed federal and state funding for the expenses of the preceding month.
- D.** Any payment not made within thirty (30) calendar days of its due date shall bear interest in accordance with Texas Government Code Chapter 2251.

VII. RESPONSIBILITY

7.1 County and Participant agree that each shall be responsible for its own negligent acts or omissions or other tortious conduct during performance of this Agreement, without waiving any governmental immunity available to County or Participant or their respective officials, officers, employees, or agents under Texas or other law and without waiving any available defenses under Texas or other law.

7.2 Nothing in this paragraph shall be construed to create or grant any rights, contractual or otherwise, in or to any third persons or entities.

VIII. INSURANCE

Participant and County agree that they will, during the Term of this Agreement, always maintain in full force and effect insurance or self-insurance to the extent permitted by applicable laws.
