	8	I would like to suggest members being able to also check out bullet journaling supplies. The current set up is nice but very limited especially if one can not make it for that one day at that designated timeframe. It's listed as a club but it really just open material day, not really a club that include any open inaction or discussion unless you're already in the little click that talks amongst themselves. The templates, pens, washi tapes, stickers, notebooks could be made available to the library members at any time like the circuit and sewing machines.	5/31/2025	Yes	46 - 55	75254
	10	When the weather is nice, I like to sit outside on the balcony and read. I recently took my grandkids to the Children's area and they had a blast playing board games, computer games, drawing, coloring, etc. They can't wait to go	5/31/2025		56 - 65	75287

	10	attentive and inviting to all the activities. I always bring my kids to have their books and to the activities: Lego, crafts, nerf battles, etc. I wish there would be more weekday events/groups for adults in the mornings. I love that there's seeds to share too. If there's any chess class for kids 6-10 I'd love to have more info please. I love all the innovation area and I'm so thankful for sharing with us.	5/23/2025		36 - 45	75063

	10	The library is always very clean and the librarians are extremely helpful. There's a plethora of book and media selections - the best sci fi and fantasy collection I've seen by far. So extra points since that's my favorite genre. The programs, classes, and workshops are super welcoming and informative. I enjoy how accessible everything is as well as the way they have bulletins and newsletters about not just	5/9/2025		25 - 35	75001
