Median Maintenance Plan

Sustainability Committee Meeting | January 14, 2025

Requested By Parks and Recreation Department

Median Maintenance Plan

Background

This item was presented before the City Council on December 16, 2025.

The City owns approximately 55 acres of landscaped medians.

This plan proposes a maintenance schedule and protocol for existing medians.

It provides a proactive approach to community outreach and resident notification.

The City acquired additional medians in 2025.

Plan includes

Maintenance Frequency and Tasks

Schedules for mowing, pruning, weeding, irrigation checks, litter removal, and seasonal planting.

Inspection and Reporting Protocols

Routine inspections and reporting of issues such as vandalism, irrigation failures, or plant health concerns.

Safety Protocols for Median Maintenance

Ensure staff safety during maintenance activities, especially in high-traffic areas.

Community Outreach Measures

Informing residents through signage, media, and mailings.

Median Maintenance Plan

Next Steps

Staff will implement the following actions, with the understanding that this document will continue to evolve in response to staff experience and community needs

This is a living document, to be enhanced over time by Parks staff.

Collaborate with Public Works for median restoration and creation.

Ensure staff safety during maintenance updates.
