In addition, the Developer shall be responsible, at the Developer’s sole cost, for obtaining the dedication or conveyance to the City, the Public Improvements not

contiguous or located on the Property, but identified by the City Engineer as necessary to connect any of the elements of the Public Improvements to the existing street, public utilities systems or trails. The Developer shall also be responsible for obtaining temporary and permanent private easements from adjacent property owners (which easements will not be dedicated to the City) necessary for constructing storm water drainage systems required for the Property. The City agrees to cooperate with Developer, as reasonably requested by Developer from time to time, in connection with such easements, but shall be under no obligations to incur any expense in providing such cooperation or to exercise its power of eminent domain.

The foregoing maintenance obligations shall survive the termination of this Contract.
- (f) The Developer shall be responsible for the maintenance of all private underground storm sewer systems within the boundaries of the Property and responsible for general surface maintenance of all drainage easements and utility easements located within the Property including, but not limited to, mowing, installation and maintenance of landscape, irrigation, upkeep of pavement and clearing obstructions to drainage channels, culverts, and other drainage facilities and appurtenances. Unless otherwise agreed in writing by the City, the Developer shall maintain at its sole cost and expense any landscaping behind the curb and in landscaped medians of all streets and alleys within the Property or in public trail easements or street rights-of-way contiguous or adjacent to the Property, in the absence of curbs, outside of the paved areas of street and alleys notwithstanding the location of landscaped areas being within the dedicated right-of-way or easement. After the Developer pays the Traffic Signal Fee to the City, the Developer shall have no further obligation with respect to the Traffic Signal pursuant to this Contract as it relates to the development of the Property. If the City fails to construct the Traffic Signal by the tenth (10th) anniversary of the Effective Date, the Traffic Signal Funds shall be returned to Developer without interest. If the actual cost for design and construction of the Traffic Signal is less than \$200,000, the City agrees to refund to the Developer an amount equal to (a) \$20,000 less (b) an amount equal to 10% of the actual and final cost of design and construction of the Traffic. The Developer represents, warrants, and agrees that the construction of the Traffic Signal will be a benefit to the use and development of the Property at such time as construction of the Traffic Signal is warranted.

The Developer shall also design and construct at no cost to the City a ten foot (10.0') wide bike and pedestrian trail (the "**Trail**") within the twelve foot (12.0') wide trail easement contiguous to the west side of the Property as shown on Exhibit "C", hereto. The Developer shall be solely responsible for the repair and maintenance of the Trail, which shall at all times be maintained in a reasonably safe and usable condition. Construction of the Trail shall be completed prior to the City's issuance of the Certificate of Occupancy for the first building constructed on the Property.

3.7 Maintenance Bonds. Prior to the acceptance of the Public Improvements or any portion thereof, the Developer shall cause to be issued in favor of the City, a maintenance bond in an amount equal to 110% of the estimated annual repair and replacement costs for the Public Improvements, as reasonably determined by the City Engineer guaranteeing the payment of all costs related to the repair or replacement of the Public Improvements constructed on the Property. The Maintenance Bond will have an effective term of one (1) year from the date of Final Acceptance of the Public Improvements by the City. comply with the provisions of this Section 3.7, and as long as the remaining term of such bond remains in effect for at least one (1) year from the date of Final Acceptance by the City of the Public Improvements to which such assigned bond relates. The City shall not be responsible for the payment of any costs related to the assignment of any maintenance bonds to the City, including but not limited to, any additional premium which the surety on such assigned bond requires to be paid.

3.8 Open Space Maintenance. The Developer agrees to mow and maintain or cause to be mowed and maintained at all times in accordance with applicable ordinances all open space areas within the Property and the adjacent property located within Block D, Westside Addition Section 1, an Addition to the City of Farmers Branch, according to the Plat recorded as Instrument No. 200600172708, Official Public Records, Dallas County, Texas, but only to the extent of the Developer's ownership of the Property and any adjacent land within said Block D. It is the intent of the City that the Developer maintain all open space as close to the edge of the Valwood Improvement Authority lake located within said Block D as possible subject to the Developer owning and/or having the legal right to access such area.

Article IV Indemnification

THE DEVELOPER AGREES TO RELEASE, INDEMNIFY, DEFEND AND HOLD HARMLESS THE CITY, ITS OFFICERS, AGENTS, EMPLOYEES, AND THIRD PARTY REPRESENTATIVES FROM ANY AND ALL CLAIMS, DAMAGES, CAUSES OF ACTION OF ANY KIND WHATSOEVER, STATUTORY OR OTHERWISE, PERSONAL INJURY (INCLUDING DEATH), PROPERTY DAMAGE, LAWSUITS AND JUDGMENTS, INCLUDING COURT COST, EXPENSES AND ATTORNEY'S FEES, AND ALL OTHER EXPENSES ARISING DIRECTLY OR INDIRECTLY FROM THE PERFORMANCE OF THIS CONTRACT BY THE DEVELOPER, ITS OFFICERS, DIRECTORS, PARTNERS, EMPLOYEES, AGENTS, AND CONTRACTORS, OR ANY INTENTIONAL OR NEGLIGENT ACT OR OMISSION OF THE DEVELOPER, ITS OFFICERS, DIRECTORS, PARTNERS, EMPLOYEES, AGENTS, AND CONTRACTORS. Article V Liability for Plan Approval

5.1 Approval of Construction Documents. No approval of designs, plans, and specifications by the City shall be construed as representing or implying that improvements built in accordance therewith shall be free of defects, and any such approvals shall in no event be construed as representing or guaranteeing any improvements built in accordance therewith will be designed or built in a good and workmanlike manner. Neither the City nor its elected officials, officers, employees, contractors, and/or agents shall be responsible or liable in damages or otherwise to anyone submitting plans and specifications for approval by the City for any defects in any plans or specifications submitted, revised, or approved, any loss or damages to any person arising out of approval or disapproval or failure to approve or disapprove any plans or specifications, any loss or damage arising from the noncompliance of such plans or

specifications with any governmental ordinance or regulation, nor any defects in construction undertaken pursuant to such plans and specifications.

5.2 Indemnity Against Design Defects. Approval by the City Engineer or other City employee, officer, or consultant of any plans, designs or specifications submitted by the Developer under this Contract shall not constitute or be deemed to be a release of the responsibility and liability of the Developer, its engineers, contractors, employees, officers, or agents for the accuracy and competency of their design and specifications. Such approval shall not be deemed to be an assumption of such responsibility or liability by the City for any defect in the design and specifications prepared by the Developer's consulting engineer, his officers, agents, servants, or employees, it being the intent of the parties that approval by the City Engineer or other City employee, officer or consultant signifies the City approval of only the general design concept of the improvements to be constructed. IN THIS CONNECTION, THE DEVELOPER SHALL INDEMNIFY AND HOLD HARMLESS THE CITY, ITS OFFICIALS, OFFICERS, AGENTS, AND EMPLOYEES, AFTER THE WRITTEN APPROVAL AND ACCEPTANCE OF THE PUBLIC IMPROVEMENTS BY THE CITY FROM ANY LOSS, DAMAGE, LIABILITY OR EXPENSE ON ACCOUNT OF DAMAGE TO PROPERTY AND INJURIES, INCLUDING DEATH, TO ANY AND ALL PERSONS WHICH MAY ARISE OUT OF ANY DEFECT, DEFICIENCY OR NEGLIGENCE OF THE ENGINEER DESIGNS AND SPECIFICATIONS TO THE EXTENT PREPARED OR CAUSED TO BE PREPARED BY DEVELOPER AND INCORPORATED INTO ANY IMPROVEMENTS CONSTRUCTED IN ACCORDANCE THEREWITH, AND THE DEVELOPER SHALL DEFEND AT THE DEVELOPER'S OWN EXPENSE ANY SUITS OR OTHER PROCEEDINGS BROUGHT AGAINST THE CITY, ITS OFFICERS, AGENTS, EMPLOYEES, OR ANY OF THEM, ON ACCOUNT THEREOF, TO PAY ALL EXPENSES AND SATISFY ALL JUDGMENTS WHICH MAY BE INCURRED BY OR RENDERED AGAINST THEM, COLLECTIVELY OR INDIVIDUALLY, PERSONALLY OR IN THEIR OFFICIAL CAPACITY, IN CONNECTION HERewith.
