

Citywide Intersection and Pedestrian Analysis

City Council Meeting | October 21, 2025

Requested By: Public Works Department

What is the Citywide Intersection and pedestrian analysis?

- The analysis would be a comprehensive evaluation of pedestrian, driver safety, and mobility across the entire City.
- This study would be part of City Council initiatives established in 2025.

The study will look at:

- ✓ Signalized intersections
- ✓ Intersections with rectangular rapid flashing beacons
- ✓ Pedestrian safety

Will Include the following intersections:

1. Valley View Lane at Bee Street
2. Valley View Lane at William Dodson Parkway
3. Valley View Lane at Dennis Lane
4. Valley View Lane at Rawhide Drive
5. Valley View Lane at Tom Field Road
6. Valley View Lane at Josey Lane
7. Valley View Lane at Marsh Lane
8. Valley View Lane at Hickory Way/College entrance
9. Valley View Lane at Valley View Lane/Alpha Road
10. Pebble Beach Drive at Marsh Lane
11. Bee Street at Farmers Branch Lane
12. Ford Road at Farmers Branch Lane
13. Josey Lane at Farmers Branch Lane
14. Josey Lane at Villa Creek Drive
15. Dennis Lane at Richland Avenue
16. Valwood Parkway at Bee Street
17. Valwood Parkway at Albermarle Drive
18. Wittington Place at Wimbledon Way
19. Mid-block crossing near Firehouse Theatre
20. Valley View Lane at Goodland Street
21. Farmers Branch Lane at Josey Lane
22. Webb Chapel Road at Fyke Road
23. Webb Chapel Road at Southern Pine
