

CZO Amendment Zoning Notification Boundary

City Council Meeting | June 3, 2025

Requested By: Planning Department

25-ZA-04: Zoning Notification Boundary

Background

Texas State Law

TLGC Section 211 “Municipal Zoning Authority” outlines procedures for zoning requests and notifications. The minimum notification and protest boundary is set at 200 feet.

Farmers Branch Ordinance

Aligns with state law requirements. Notification letters are mailed to each property owner within 200 feet of a zoning request at least 10 days prior to the hearing date.

Additional Notifications

- Additional notices are mailed to CFBISD and DISD for each case.
- Zoning signs are posted visibly along each street frontage.
- Case descriptions posted on “Be Informed” and Planning Department webpages.
- Notification in Dallas Morning News 15 days prior to City Council hearing.

Council Direction

On March 4, 2025, the City Council provided direction to increase the notification boundary, requiring an amendment to the CZO. A 300-ft radius was suggested in order to increase public awareness and engagement with zoning hearings.
