\* See Architectural Color Chart for available colors

Signature is a registered trademark of Metal Building Components, L.P. Galvalume Plus is a registered and protected trademark of BIEC International, Inc.  
 ♦ The Galvalume Plus® coating is subject to variances in spangle from coil to coil which may result in noticeable shade variation in installed panels. The Galvalume Plus® coating is also subject to differential weathering after panel installation. Panels may appear to be different shades due to this weathering characteristic. If a consistent appearance is required, MBCI recommends that pre-painted panels be used in lieu of Galvalume Plus®. Shade variation in panels manufactured from Galvalume Plus® coated material do not diminish the structural integrity of the product. These shade variations should be anticipated and are not a cause for rejection.

Consult the MBCI NUWALL® TECHNICAL/PRODUCT INFORMATION MANUAL for proper product application, design details and other product information.

### PANEL PRICING:

1. All pricing is based on net coverage.
2. For short panel lengths, add: \$3.70 per panel for panels 4'-0" in length and shorter.
3. Add \$7.55 per square for embossing.
4. All prices include standard packaging.

### PACKAGING COST:

1. Standard packaging: Block and band with strippable film across panel flat.
2. Optional packaging: Cardboard carton with strippable film across panel flat.
3. Optional interleaving: Microfoam interleaving: available at \$.10 per square foot.
4. LTL shipments require plywood crating with strippable film on panels.
5. Plywood crating: Add \$20.00 per square - \$200.00 minimum.
6. Special packaging

.....Please Inquire

### DELIVERY:

1. 24 gauge - stocked colors (see back of Architectural Color Chart) .....Approximately 10 Working Days
2. Other gauges, colors and metals .....Please Inquire

### NOTES:

1. All panels - lengths longer than 40'-0" .....Please Inquire
2. Heavier gauges and embossing may minimize oil canning.

**IMPORTANT NOTICE TO INSTALLER/CUSTOMER:** Material should be inspected carefully prior to installation for defects including excessive oil canning. Installation of material constitutes acceptance.
