

# Liberty Plaza Relocation – Site Selection Report

---

## Purpose

The purpose of this document is to provide information and analysis for selecting a new site for the relocation of Liberty Plaza. This report outlines the existing conditions, proposed site options, and considerations for future development.

## Existing Liberty Plaza

Current Location: 12700 N. Stemmons Freeway

Site Size: approximately 4.62 acres

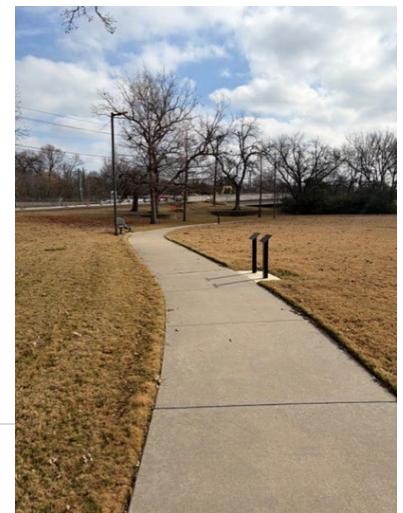

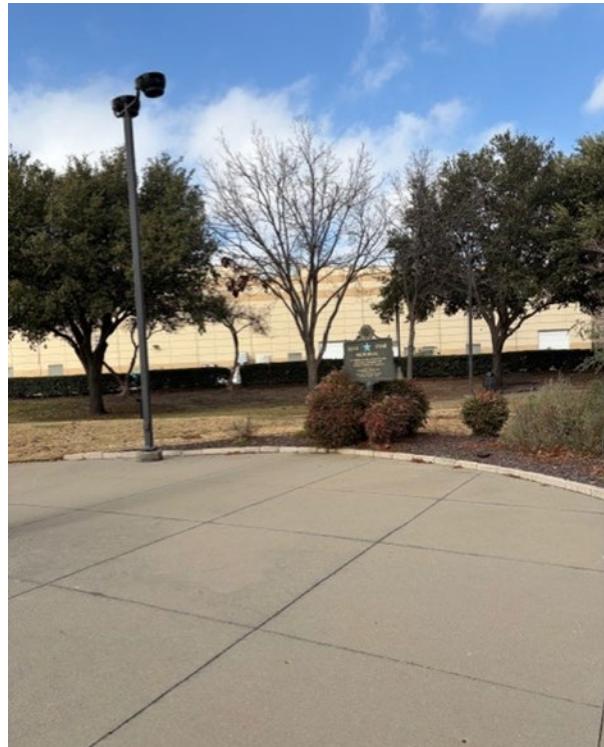

## Current Features

- Statues: 3
- Plaques: approximately 8 plaques
- Flagpole: Large, central feature
- Walking Trail: approximately 1,303 feet of trail

Note: The existing site does not have dedicated parking. Relocation will require moving all existing features and incorporating them into a new design that includes a walking path.

### Existing site:

## **Key Considerations for New Location**

- Accessibility: ADA compliance and ease of access for visitors
- Parking Availability: Adequate and convenient parking
- Visibility: Prominent location within the community
- Space for Future Expansion: Ability to accommodate additional features
- Cost: Budget implications for relocation and development

## **Elements to Consider for the New Site:**

- Parking
- Potential Future Services
- Hosting Events
- Space for Passive Recreation or Events

Site

## Comparison Table

Site Option	Total Acres	Available Area	Parking	Expansion Potential
<b>Rose Garden - Keenan Cemetery</b>	2.5	1.59 acres	Shared	Possible
<b>Historical Park- Dodson House</b>	8.64 acres	0.54 acres	Shared	Limited
<b>Farmers Branch Park - TBC</b>	13.7 acres	1.99 acres	Shared with TBC	Limited

### Conclusion:

The proposed sites already have existing uses, which vary but are not specifically designed for memorial-type gathering spaces. Each location is part of a larger parcel, so a dedicated area will need to be designed to create the plaza.

The current Liberty Plaza occupies approximately 4 acres, whereas the proposed sites offer smaller available areas. However, all options are conveniently located near restrooms, ensuring visitors have access to facilities.

Additional considerations include the cost of relocating and reinstalling existing amenities, as well as potential enhancements such as adding a reflection pond or incorporating more detailed features within the park.
