COUNTRY CLUB

Invited

# State of Texas Event Trust Fund (ETF) Local Contribution

## What is the local contribution?

- The Event Trust Fund application includes a local contribution from the event location municipality
- The amount is determined by the estimated event attendance and revenue

- The contribution can be reimbursed back to the city by the event organizer or used for specific needs during and before the event. The hotel occupancy tax fund is the source of all funding. It is daily hotel room revenue, not the taxpayer's general fund revenue.
