ORAN GOOD EAST PARKING LOT
13300 DENNIS LANE

SCOPE OF WORK: REPLACE 17 PARKING LOT POLES WITH NEW POLES AND FIXTURES.

REMOVE 15 of 17 POLE LIGHTS FROM THE EXISTING PIER, AS 2 POLES ARE ALREADY DOWN.
BREAK OUT THE CONCRETE/GROUT AROUND THE POLE BASES TO INSPECT THE ANCHOR BOLTS AS THE GROUT IS PREVENTING WATER/MOISTURE TO DRAIN OUT.
CUT THE BAD ANCHOR BOLTS OFF AND INSTALL NEW ROD ANCHOR WITH HILTI EPOXY IN EACH PIER.

INSTALL 17 NEW POLE AND 2 FIXTURES PER POLE:
30' TALL
6" SQUARE
2" TENON ON TOP
2 FIXTURES ON 1 BULL HORN

PRICE: \$92,550.00
ADD \$3120.00 IF A ROUND TAPERED POLES ARE REQUESTED.

The poles and fixture prices are good for 30 days unless the tariffs supersede.

Due to recent tariffs, price increases are imminent. No consideration has been taken in this proposal as the impact will vary, and the true value is unknown at this time. It is recommended that contractor / customer carry escalation fees to cover future price increases.
