Critical Business Outcomes

Support life-long education, community-connectedness, creativity, and technology access in Farmers Branch.

Community ENGAGEMENT

What people are saying...

I am a first-time visitor and got a library card at 80! Staff was so wonderful and helpful. Very knowledgeable.

The programs, classes, and workshops are super welcoming and informative. I enjoy how accessible everything is as well as the way they have bulletins and newsletters about not just the library but the overall community as well.

What really sets this library apart is its dedication to being more than just a place to borrow books. It is a true community hub offering free access to technology, quiet spaces to work or study, and cozy nooks to simply enjoy a good read.

Involvement

We will work with City Administration and Library leadership on proper messaging.

Timing

Seasonal/annual events: Halloween in the Park, the Jolabokaflokkur Book Drive, Santa & Cookies, Cathy's Critter's (spring), and Summer Reading.

Feedback/Input

Input collected through the Listen360 QR code, Questions & Comments form on the Library website, and through Citizen Comments at monthly Library Board meetings.
