Chief David Hale
Farmers Branch Police Department
3723 Valley View Lane
Farmers Branch, Texas 75234

Dear Chief Hale:

We have just completed a week of honoring our Policemen along with the Fallen in Farmers Branch and surrounding cities/states. I would like to think that we not only honor them during this week, but honor and remember them in our thoughts and prayers every day throughout the year.

As you know, I recently completed the Farmers Branch Police Academy and COP Program recently; and, will graduate from the Firemen Academy Thursday night. I am currently working and volunteering at the Police Department and working as a COP at the various events throughout the year. These programs have changed my life.

As I have told you many times, no one respects or appreciates these men/women as much as I do. I am so glad that there are men/women out there that are willing to lay down their lives every day for us and to keep our City safe. I have enclosed my Love Offering to be used in the best possible way aiding the safety of our men/women in the Farmers Branch Police Department. I pray and hope that others will feel the same to contribute and support our men and women keeping not only them safe, but us as well.

I look forward to working/volunteering more to help our Police Department in the greatest little City in Texas and USA.

In Christian Love,

Charlotte A. Ray

Enclosure
