Residential Waste Collection

Follow Up Items from November 6th

- Opt in for garbage carts

Opt In Garbage Collection

- Garbage collection will remain twice per week for all homes except the west side development
- Twice per week cart collection is not as efficient as twice per week bag collection
 - Cart collection is more efficient when service is once per week
 - Added cost due to added time on the routes

Opt In Garbage Collection

- Two options:
 - Resident pays for garbage cart
 - City pays for garbage cart – model for recycling program
 - Cost of cart over contract - \$75
- Typically cost of carts is part of monthly service fee
- Typically additional carts are charged to resident
