# Status of Health Care in North Texas

- Rising medical costs, primarily pharmaceuticals, lab work, vaccines, health insurance and hospitalization.
- Lack of basic health care access affecting middle class people with health insurance.
- More middle and low income people going without care.
- Re-emergence of diseases once eradicated – measles
- Limited Access to affordable Mental Health care
- Limited to No Access to affordable Dental care
- Limited Access to Opioid/Substance Abuse programs

Collaboration, Caring, and Courage saves lives.
