

## Background

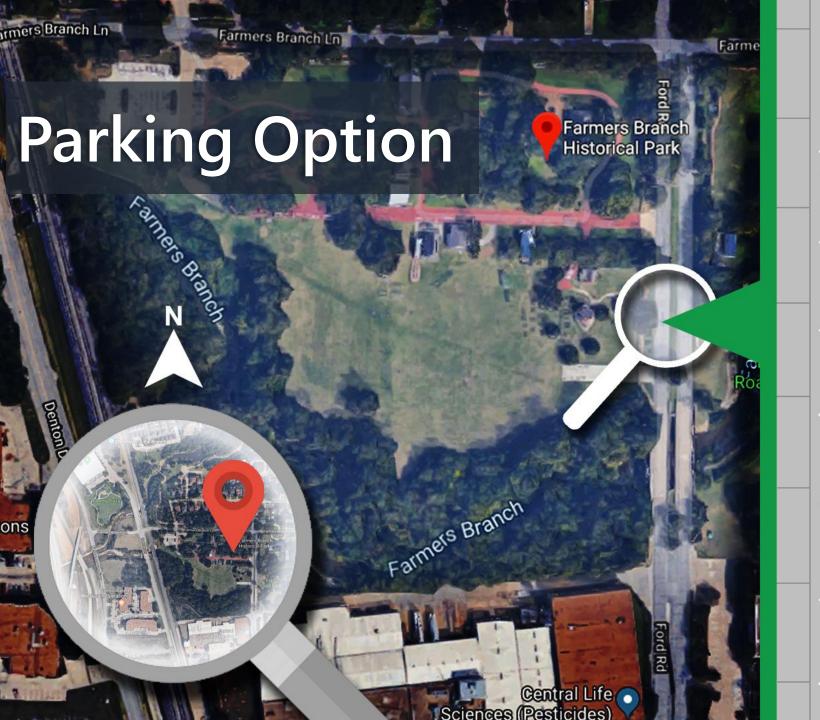

- Architectural recommendation by Historical Preservation and Restoration Board was given on August 14, 2019, at the Budget Retreat
- Proposed architect and associated fees were rejected
- Direction was given to find a more cost-effective
  alternative

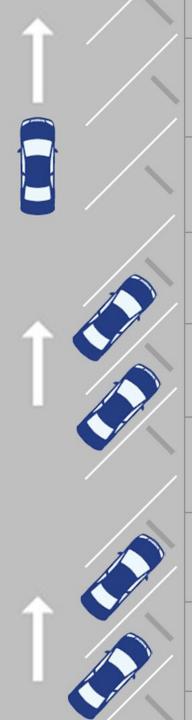

## **Update**

- O'Brien Architects were approached to come up with a new, cost-effective design
- Two construction estimates were obtained and both were estimated to be between \$2 million - \$2.1 million
- Cost to employ O'Brien Architects to move forward on full design services, plus employ a civil engineer is estimated at \$200,000
- Contingency and FF&E is estimated at \$300,000
- Total cost of project estimated at \$2.6 million without considering road and parking modifications
