### **Consider approving Resolution No. 2017-025 authorizing a contract with DFW Services, LLC for large water meter replacement at various locations; and take appropriate action.**

#### BACKGROUND:

The Public Works Department requests bids for large meter replacement on an annual basis. Any meter that is three inches in diameter or greater is considered a large meter. The proposed contract includes replacing meters, bypass valves, vaults and all parts necessary at two locations plus two add-alternate locations. Funds are available in the Utility Operations budget in the amount of \$100,000.

Large meters are generally located at commercial properties and are large volume water users. Replacing large meters is necessary to curtail unmetered water loss and maintain revenue from water sales.

#### DISCUSSION:

The Public Works Department requested bids for large meter replacement. Three bids were received and opened. DFW Services, LLC submitted the lowest base bid in the amount of \$40,000.00, with two add-alternate locations totaling \$56,000.00, will be added to the base bid for a total of \$96,000.00
