Consider approving Resolution No. 2018-128 authorizing the execution of a Residential Demolition/Rebuild Program Incentive Agreement for the owner of the property located at 2659 Leta Mae; and take appropriate action

BACKGROUND:

In an effort to improve the quality of housing opportunities in Farmers Branch, the City Council enacted a Residential Demolition/Rebuild Program pursuant to Chapter 380 of the Texas Local Government Code to encourage the redevelopment of existing single-family detached residential properties with the construction of new, higher value, single-family detached residential structures. The Demolition Rebuild program was started in 2009. The program has experienced a total of 68 participants with 12 in the current calendar year (2018). There have been 3 program changes occurring in August 2014, December 2017, and February 2018.

DISCUSSION:

Applicant Todd Bonneau Homes is applying for the Demo Rebuild incentive for an existing residence located at 2659 Leta Mae which has an improved valuation (excluding the land value) of \$28,690. The incentive for this improvement range (\$65,000 or less) includes a three (3) year rebate of municipal taxes based on the difference between the original home appraised value (excluding the land value), as determined by the Dallas County Appraisal District and a \$30,000 cash grant.
