Conduct a public hearing and consider the request for a Specific Use Permit and associated Detailed Site Plan amendment for an approximate 16.66-acre property located at 13850 Diplomat Drive, in order to allow outdoor storage, building additions and related site improvements; and take appropriate action.

BACKGROUND:

The applicant, TD Industries, operates a light manufacturing facility on a 16.66-acre property located at 13850 Diplomat Drive. Currently there is an office/warehouse building, outside storage and related site improvements on this property. The applicant had received approval of a Specific Use Permit (SUP) to allow outside storage in November, 1999 in accordance with its associated detailed site plan.

The applicant is proposing a 1,500 square foot building addition to house new manufacturing equipment and a canopy addition to cover a portion of their existing outdoor storage/staging area. As a result, an amendment to the existing SUP ordinance is requested to allow for these site modifications.

The subject property is located in Planned Development District No. 22 (PD-22), which allows for the proposed use. Outdoor storage is allowed within the PD-22 zoning district subject to approval of an SUP.
