Receive a quarterly presentation update from the Community Watch Committee.

BACKGROUND:

The City Council asked for quarterly updates from the boards and commissions. The goal is for the City Council to gain a better understanding of what the boards and commissions are working on and to hear the boards and commissions' accomplishments. It also provides a forum for the boards and commissions to seek direction from City Council.

DISCUSSION:

Charles "Chuck" Barton, Community Watch Committee Chair, will present information on the committee's mission statement, goals, what the committee has been working on, and some accomplishments.

There is no specific direction from the City Council that is being sought, but any and all ideas and comments are welcomed.
