### Review 2020 Critical Business Outcomes

#### **BACKGROUND:**

At the Strategic Planning Session on February 20, 2019, City Council reviewed the current critical business outcomes (CBOs) for FY19 to identify which CBOs are being accomplished, CBOs where there is still work to be done, and new CBOs that need to be focused on for FY20. A CBO is a short-term, one to three year, priority. For FY19, the City identified and focused on achieving seven critical business outcomes:

**CB03** - Enhance our entryways.

Discussion - Considered complete with the entryway monuments project. A new CBO focusing on our streetscapes has been identified.

**CBO4** - Identify solutions for homes in the flood plain.

**CBO5** - Implement data-driven processes for making resource allocation decisions.
