Receive an update regarding multi-family development activity

BACKGROUND:

City Council requested an update related to multi-family development occurring within the city including recent permitting and zoning entitlements. The attached presentation reflects multi-family data including existing number of units, number of units under construction, and number of units entitled (zoning approved) through September 10, 2019.

Staff will make a presentation (attached) and be available to answer questions.

RECOMMENDATION:

None.
